

Terms of Service

While every effort has been made to ensure that the information on this website is correct and up to date, no representation is made or warranty given (either express or implied) as to the completeness, accuracy or currency of the information that it contains.

To the extent permitted by law, CUBIQX will not be liable in any way (including for negligence) for any direct or indirect loss, damage, costs or expenses suffered by you or claims made against you through use of this website, or through any failure to provide this website, or in connection with any products, services, or information supplied by way of this website, or by way of any website linked to this website.

You agree to indemnify, defend and hold harmless CUBIQX from and against all actions, claims, suits, demands, damages, liabilities, costs or expenses including reasonable legal fees, arising out of or in any way connected to the use of this website.

All of the contents of this website, the information contained on it, the software, design, text and graphics, is protected by copyright and other intellectual property rights under the laws of Australia and other countries. The copyright is owned by CUBIQX. Content may be owned by our Partners. No graphics, trademarks, images, text or other content from this website may be copied, distributed or otherwise reproduced without the prior written approval of CUBIQX. Where any digital imagery on this website features a person, that person is a model and is used for illustrative purposes only.

CUBIQX may choose from time to time to link from its own website to third party websites. CUBIQX has no responsibility or liability for the content or actions of these third parties or for any loss or damage you may suffer or incur as a result of accessing these third party websites. You access websites linked to the CUBIQX website entirely at your own risk. Notwithstanding this, CUBIQX at all times seeks to protect its website and welcomes feedback both on its own website and on its linked websites.
