Italy on the bay is a Funky modern mediterranean style restaurant located inÂ Bay Street Brighton Victoria. It caters for all ages and has modernÂ vibe about it which attractsÂ a wide range of patrons to its homestyle cuisine. They required a website which portrays the modern and funky style of the restaurant wine bar and cafe.

The site is based on the increasing popular Joomla content management system allowing the site owners to update their own content. The site also has a membership for VIP's as well as a newsletter facilty which can be all managed online, without the assistance of a web designer.
